Hello All,

Thank you for your support and understanding in the last few weeks. As an organisation we have faced a multitude of challenges regarding our web domain and business registration.

Not sure what the source of negative sentiment regarding our company but it has cost all of us significantly. We have received notice (dated Oct 20, 2023) from ROC (Ministry of Corporate Affairs) to suspend business operations related to KoreAi Online. While we are reviewing the situation and seeking legal opinion, but to minimise the impact on your job we recommend the following:

All of the candidates who joined us between Oct 9 and Oct 19, 2023 will be transitioned to our partner organisation - Yash Technologies.

2 important questions that you seek answers to are:

1. What happens to my salary? Ans: For the month of Oct, 2023, you will receive your salary from your new employer and it will be computed from the date of joining mentioned in your joining letter.

Future salary will be computed based on the joining date issued by the new employer.

2. How do I join the new employer? Your details have been shared with Yash Technologies and you will be required to join them at their Indore office.

You will receive an email from the Yash team regarding the date on which you will have to report at their Indore office.

Your ID card, laptop, & etc. will be issued on the date of joining.

Once you receive the joining details from Yash team, please carry a print out of your LOI (issued by KoreAI Online) and joining email confirmation with you.

Can I choose my work location? Yes. As Yash technologies has offices across India, you can share your preference at the time of joining.

By when will this process complete? We expect to complete the joining formalities by Nov 15, 2023.

If you do not hear from Yash technologies by Nov 9, 2023- please reach out to Yash team via <https://www.yash.com/contact-us/>

Any queries before Nov 9, 2023 will not be entertained as our team is working to connect with you directly first.

Signing off,
KoreAI Online team
